Dear Business Neighbor,

Thanks to people such as yourself, last year's fund drive was a success. As Volunteers, it is gratifying that our neighbors recognize and value quality fire service. The cost of operating a fire department is raising at astronomical rates and we need our community's support now more than ever. We are available 24 hours a day, every day and need your support to help us meet and exceed your expectations. This year's fund drive will be focused on funding the new tanker scheduled for delivery in January 2024, total cost for this unit is \$600,000!

Our members spend many hours a week not only answering emergency calls but taking care of day-to-day administrative responsibilities, training, and fundraising. We drill often on many different aspects of the fire service. We not only put fires out, we drill on vehicle extrication, proper equipment usage and repair, hazardous materials, heavy vehicle operation and pumping, first aid, CPR, and AED usage. It is our passion to be the very best so that we will be able to assist you in your hour of need.

Guests are always welcome to visit the firehouse, look around, ask questions and please bring the kids. Usually little ones love to get in the firetrucks and pretend. We are always looking for new members. If you don't think that actual firefighting is for you, there are many other ways to volunteer. We have a top notch group of fire police who by directing traffic at emergencies, help to protect responders and victims. There are opportunities to be involved with clerical and fundraising duties. Call us at 717-328-3727 or visit our Website at www.mmpwfireamb.com for more information

Your Volunteer Fire Company is an essential service that is NOT fully funded by municipal support and cannot survive without your support!

We appreciate that for some, money is tight. We know this because it is for us too. We are your neighbors. We are your friends. Every member at MMP&W is somebody's son, daughter, mother, father, uncle, aunt, or grandparent. We are just like you. It is our passion and pride to respond to calls 24/7 in all kinds of weather, during holidays, during dinner hours, and during those much needed resting hours.

Thank you in advance for your generous support and kind thoughts.

Sincerely,

The Officers and Members of MMP&W Volunteer Fire & Ambulance Company

Here is a little fire safety tip:
Smoke detectors should be changed every 10 years
CO detectors should be changed every 7 years
